Energy efficiency

In the heart of Hévíz, a well-maintained 200 m² terraced house renovated in 2020. The property spans four levels, making it an ideal choice for larger families. The living space offers 6 rooms and 3 bathrooms, equipped with modern electric shutters and air conditioning to ensure maximum comfort. A private garage is also included, providing a practical parking solution. With its spacious layout and modern amenities, this home is move-in ready. Situated in a central location in Hévíz, all the city's benefits are easily accessible. For more information, please contact our sales colleagues.
