Energy efficiency **A+**

This is a premium-quality residential park located in a wonderful natural environment, not far from the center of Hévíz city. Thanks to its excellent location, the popular Hévíz Thermal Lake is just a few minutes' walk away, offering an ideal spot for relaxation and rejuvenation year-round. The ground-floor apartment faces a protected forest and features a 16 m² terrace. The building is equipped with an elevator for easy access. The heating system is based on fan-coil, underfloor heating, and heat pump technology, providing modern and energy-efficient solutions. The property is also barrier-free, ensuring easy accessibility for everyone. For more information, please contact our office.
