From Lake Balaton 7,2 km, 11 min.

From Spa Hévíz 0 km, 0 min.

Energy efficiency

In Hévíz, a newly built, high-quality, ground-floor / upstairs apartment is for sale in a flat-roofed building with 4 apartments. The upstairs apartment has a private entrance staircase. The total area of the plot is 889 m², 6 parking places will be created in connection with the condominium. The useful floor space of the flat is 89 m², to this flat is also belonging a 15,5 m² terrace and a 4,5 m² storage room.

The rooms are the followings: living room - kitchen - dining room, 3 rooms, bathroom, toilet, storage room. Both the building plans and the materials used reflect modern constructing methodologies and a high quality. The rooms and the living room will have laminated parquet, the other rooms will be tiled with ceramic elements, and the water blocks will be completely tiled. The functional design of the ground floor apartment: entrance on the west side of the building, entrance space, toilet, corridor, living room - kitchen - dining room, 3 rooms, bedroom, bathroom, storage room opposite the entrance. The living room is connected to the covered and open terrace, and on the south side of the building there is also a storage room for each ground floor apartment. In the case of the upstairs flats, after the entrance, going up the stairs, you can reach the living room - kitchen - dining room, corridor, then the 3 rooms, bathroom, balcony. The heating, the hot water supply and the cooling of the building is solved with an air heat pump; the complete utility networks are available:
