Energy efficiency

In Cserszegtomaj, on the so-called Bottyahát part of the plots it is a big, 1 hectare building plot as a complex real estate for sale, or it can be bought also some smaller parts of the huge territory. The real estate is bounded with stone walls and wrought iron gate. All of the public utilities can be founded here: water, electricity, canalization, gas connection. It is a round panorama to Hévíz and to the lake Balaton!
